

Extended Producer Responsibility (EPR) Legislation Fundamentals

EPR programs may vary widely, but typically include the following elements:

“Producer”: Person having legal ownership of the brand of a product sold, offered for sale or distributed for sale in the state; the person who manufactures the covered material or product under such person's own name or brand and who sells or offers for sale the covered material or product in the state; or the person who imports the covered material or product as the owner or licensee of a trademark or brand under which the covered material or product is sold or distributed in the state.
